

FCC Commissioners
The Federal Communications Commission RE: Docket 04-435
445 12th Street, SW
Washington, DC 20554

Dear FCC Commissioners ,

I am writing to voice my concerns about the FCC's proposal to relax the restrictions on the use of cell phones on airplanes in flight.

There is no hard evidence that cell phone use doesn't interfere with navigational instruments. The introduction of cell phone use in the cabin will not only increase tension among passengers, it will compromise flight attendants' ability to maintain order in an emergency. Cell phone use could also enable terrorists to coordinate a plan of action more effectively.

Also, it would be VERY annoying to anyone near the cell phone user. No one is so indispensable they need to be on the phone while in the plane. There are phones available on the plane if it is necessary that a person contact someone on the ground.

Please leave the current rules in effect.

Sincerely,

Michael Borradaile
